TRACELINK UNIVERSITY

Configure TraceLink for OPUS Solution Environment

This topic describes the configuration steps required before using OPUS Solution Environment (OSE).

Assign Solution Builder roles

See the Administration Help Center for information about how to assign Solution Builder roles to users.

Roles

- Company Solution Developer – Allows users to create, configure, and manage Company Solutions.
- Standard Solution Developer – Internal role to be assigned only to TraceLink solution designers. Do not assign this role to users.
