Get started

The Orchestration Platform for Universal Solutions *(OPUS) Help Center* includes everything you need for navigating through your company's apps and their networks in the OPUS Ensemble user experience, modifying your profile, defining settings, and viewing notifications.

- Go to Navigate to learn how to navigate to an OPUS environment, network, and solution.
- Go to Modify your account to learn how to:
  - Set your preferences.
  - Enable notifications.
  - Accept Link connections.
  - Search app and solutions versions for your company networks.
- Go to Manage notifications to learn how to manage notifications.
- Go to Network and app names to a quick reference for network and app names that display in the **Network** drop-down in the header.
