How Does Serialized Product Intelligence Enable Root Cause Analysis of Compliance Errors?

Serialized Product Intelligence gives you complete visibility into even the most granular serialization data, enabling you to identify and resolve compliance issues much faster than you can using manual reporting methods. In this brief clip from our "Introducing Serialized Product Intelligence On-Demand Webinar," TraceLink Solution Consultant Milica Janjic demonstrates how Serialized Product Intelligence provides your serialized operations and supply chain teams with self-

service root cause analysis capabilities, so they can rapidly investigate compliance
