Managing Serialization Data at the Edge with Edge Track

Serialization is about more than just shipping product: it requires shipping the right container every time. Edge Track acts as the bridge between your ERP or WMS and the world of serialization so that your systems are tracking all your warehouse changes digitally and making sure each container is reaching the right customer.

Watch this two-minute video to learn how Edge Track complies with global regulations, and also improves the end-user experience—with serialization as the focus.
