Case Study: Sharp Packaging Services | EPCIS Connection Changes Post Go-Live

Sharp Packaging Services provides serialization, packaging, and labeling solutions to pharmaceutical companies around the globe. Sharp's clients often need to change EPCIS connections and packaging requirements after they are in production—and this can result in delays that impact downstream supply chain stakeholders. Read Sharp Packaging Services' FutureLink Nashville case study poster—"EPCIS Connection Changes Post Go-Live"— and watch this video to learn about new processes the company implemented to overcome this change-management challenge.
