What You Must Know to Survive the Next Supply Chain Meltdown: 5 Priorities from 4 Industry Experts

What advice does Stanford professor Hau Lee and leading supply chain experts from Johnson & Johnson, CSL Behring, and P&G have for pharmaceutical executives who need to react to,Äîand prepare for,Äîlarge scale supply chain disruptions?

Read their perspectives from the 2020 LogiPharma Digital Summit. This is a *must read* for everyone involved in the manufacturing and distribution of pharmaceuticals and biologics. It will only take 10 minutes to review but the insights may help you thrive in today's turbulent times. What you will learn:

- How to build speed, visibility, and resilience into your supply chains
- The biggest killer of predictability in the supply chain
- How to connect internal teams with external suppliers and get them to collaborate better
- Why ad-hoc communication channels like email actually inhibit collaboration
