TraceLink to Present at the 35th Annual J.P. Morgan Healthcare Conference

TraceLink Inc., the World's Largest Track and Trace Network for connecting the life sciences supply chain and eliminating counterfeit prescription drugs from the global marketplace, today announced that Shabbir Dahod, president, and chief executive officer, will present at the 35th Annual J.P. Morgan Healthcare Conference on January 12 at 11 a.m. PST at the Westin St. Francis in San Francisco.

Dahod will be discussing the global market opportunity for tracking and tracing authentic prescription medicines, which will be required by law in 50 countries by the year 2020.

About TraceLink

TraceLink is the World's Largest Track and Trace Network for connecting the Life Sciences supply chain and eliminating counterfeit prescription drugs from the global marketplace. Leading businesses, including the top global pharmaceutical companies, trust the TraceLink Life Sciences Cloud to deliver complete global connectivity, visibility and traceability of pharmaceuticals from ingredient to patient. A single point and click connection to the Life Sciences Cloud creates a supply chain control tower that delivers the information, insight and collaboration
