DSCSA 2023: Requirements and Implementation Strategies for Dispensers

On-Demand Webinar

The final phase of the **Drug Supply Chain and Security Act (DSCSA)** introduces new requirements for dispensers, including all-electronic, interoperable item-level traceability for medicines. The transition from lot-level to item-level traceability requires new capabilities that dispensers must consider when preparing for DSCSA compliance.

In this webinar, you'll learn about the new requirements and how dispensers need to prepare to meet those requirements. Topics include:

- DSCSA and the global supply chain challenge
- An Industry 4.0 success story – Medicine Traceability and Compliance
- **DSCSA 2023 dispenser** requirements – A step change over 2015
- Required DSCSA capabilities – It's a network challenge
- New opportunities enabled by a network – Digital Drug Recalls and Product Availability Intelligence
- Solution provider capability proof points
