DSCSA Compliance Need-to-Know Essentials for Wholesale Distributors

Wholesale drug distributors across the United States are facing complex regulatory compliance requirements in 2023.

TraceLink’s proven solutions and services make it quick and easy for wholesalers of any size and digital capability to put the right capabilities in place to meet the mandates of the final phase of the U.S. Drug Supply Chain Security Act (DSCSA) before the November 27, 2023 compliance deadline.

Download our new brief, "**Don't Miss a Customer Shipment: DSCSA Compliance Need-to-Know Essentials for Wholesale Distributors**," to get a complete overview of DSCSA requirements and answers to questions such as:

- What is DSCSA and why was it enacted by the U.S. government?
- What new requirements take effect in November for the final phase of DSCSA?
- How can TraceLink DSCSA compliance solutions simplify the operational burden for wholesale distributors?

You'll also learn how TraceLink's proven digital network—the world’s largest pharmaceutical and healthcare supply chain network—delivers the industry's best DSCSA services and support. Fill out the form to download the brief today!
