Streamline Product Recall Management with TraceLink Digital Recalls

TraceLink Digital Recalls is a collaborative, end-to-end recall workflow orchestration solution that provides real-time recall notifications sourced directly from the FDA in a fully digital, easy-to-understand format. The solution enables an immediate, coordinated response across all pharmacy locations while reducing the risk of recalled products reaching patients.

With TraceLink Digital Recalls, your pharmacy staff can expect to spend 40% less time on administrative recall tasks and 47% less time retrieving recalled products from the shelves. Watch this brief video to learn more! Then **contact us to schedule a demo of Digital Recalls** today.

Video Highlights:

- 00:36: Product Recall Challenges
- 01:30: What is TraceLink Digital Recalls?
- 02:35: Benefits of TraceLink Digital Recalls
