340B Under DSCSA: Why a Network is Critical for Efficient 340B Shipping and Receiving

On-Demand Webinar

The pharmaceutical and healthcare industry has yet to settle on a model for handling 340B product under the new DSCSA electronic data exchange mandate. With more than $53 billion in covered drugs purchased annually via the program, this poses a big challenge for the industry.

This on-demand webinar explores different approaches for managing 340B shipments. You'll get insight from TraceLink's traceability and compliance experts into:

- How new DSCSA mandates impact 340B receiving workflows at contract pharmacies.
- How to eliminate logistical friction between wholesalers and contract pharmacies.
- How to streamline the electronic data exchange process for a fully serialized world.

The DSCSA stabilization period ends soon! Watch this webinar to ensure you'll be ready to handle 340B product.
