The Visibility Challenge in Life Sciences Supply Chains

A lack of real-time supply chain visibility and collaboration with supply chain partners continues to be a problem for life sciences manufacturers, according to the results of a recent IDC poll. Watch the video to get more IDC supply chain survey results. Then contact TraceLink to learn how MINT for Logistics enables life sciences manufacturers to rapidly and cost-effectively integrate with 100% of their logistics services providers to get the real-time visibility they need.
