Pain Points: Why Logistics Providers Need Real-Time Integration with Customers

The majority of logistics services providers rely on manual data sharing methods like emails and spreadsheets due to the challenges of linking with their life sciences manufacturing customers in real time.

Watch this brief clip from our webinar, "Digitalize Manufacturer and 3PL Relationships to Improve Customer Service, Reduce Costs, and Ensure Product Availability," to learn more. Then contact us to learn how TraceLink MINT for Logistics enables logistics services providers to integrate and exchange data with life sciences manufacturers in real time.
