# Faster Time to Market: How Digitalization Transforms Clinical Trial Supply Chains

Clinical trial supply chains face unique challenges, from forecasting uncertainties and high waste levels to ensuring on-time delivery to thousands of sites. Antonio Tramontano, Digital Strategy Leader and Life Sciences Supply Chain Consultant at Genpact, explores how digitalization can address these pain points, increasing supply chain visibility and reducing disruptions.

Tramontano shares practical advice on implementing phased digital strategies and highlights the revolutionary potential of TraceLink MINT to link stakeholders, streamline operations, and pave the way for AI-driven insights. Watch the full interview to gain actionable insights and explore how TraceLink and Genpact are shaping the future of clinical supply chains.
