Operationalizing DSCSA for Efficiency in the Warehouse and Hospital

What if DSCSA compliance could actually help streamline your operations? In this **FutureLink Boston 2025** session, John Reichert, Senior Director of SCE Solutions at Tecsys, explains how warehouse and hospital pharmacy teams are turning compliance requirements into opportunities to improve inventory control, process efficiency, and patient safety.

Drawing on real-world implementations, Reichert outlines key lessons for optimizing data capture, integrating systems, and verifying products—without overburdening frontline staff.

Key takeaways:

- Why a practical, process-first approach is essential to DSCSA success
- How to support pharmacy and warehouse teams with intuitive, compliant workflows
- Lessons learned from deploying DSCSA solutions in hospitals and health systems

Watch now to learn how operationalizing DSCSA can deliver measurable value across your healthcare supply chain.
