## Meet with TraceLink at the HDA Traceability Seminar

The HDA Traceability Seminar is where healthcare supply chain leaders come together to navigate the evolving DSCSA landscape. As the final phases of the DSCSA regulations roll out in 2025, it's never been more important to ensure that your organization is prepared to operate efficiently and meet regulatory and partner expectations. Meet with TraceLink to learn why leading manufacturers, wholesalers, pharmacies, and healthcare organizations trust TraceLink and our network platform not only stay DSCSA-compliant—but also to drive operational efficiency and long-term digital transformation in today's uncertain supply chain environment.

## Why Meet with TraceLink?

- **Ensure DSCSA Compliance—Today and Tomorrow:**

Avoid disruptions as phased DSCSA deadlines continue to roll out. Learn how to exchange EPCIS data for 100% of your serialized products, manage serialized inventory, verify product identity, and meet your partners' evolving

compliance requirements.

- **Be Ready for Exceptions and Recalls:**

From identifying and resolving compliance exceptions to targeting and managing recalled products, TraceLink's purpose-built solutions help you digitalize and streamline these critical processes—internally and across your trading partner network.

- **Build the Foundation for Intelligent Supply Chain Orchestration:**

Don't stop at compliance. Discover how digitizing compliance operations can lay the groundwork for end-to-end supply chain orchestration—with digital data exchanges tied to critical business processes across supply chain relationships driving smarter decisions, improving operational efficiency, and enhancing long-term resilience.

## **Schedule Your Meeting with TraceLink**

Fill out the form on this page to connect with our experts and explore how TraceLink can help your organization ensure DSCSA compliance, digitalize and streamline exceptions and recalls, and lay the foundation for intelligent, end-to-end supply chain orchestration.
