## Meet with TraceLink at CPHI Frankfurt

CPHI Frankfurt is where the global pharmaceutical community gathers to connect, collaborate, and explore what's next. With over 62,000 attendees and 2,400+ exhibitors from more than 160 countries, it's one of the industry's most influential events. Book time with TraceLink to discover how digitalising commerce, manufacturing, and logistics processes across your end-to-end supply chain from material supplier to pharmacy and hospital can help you maximize revenue by avoiding out-of-stocks, free up working capital by optimizing inventory, reduce operational costs by digitalising operational processes, and build a more agile and resilient supply chain.

## Why Meet with TraceLink?

- **Digitalise Commercial Processes and Data Exchanges with ALL Suppliers and Customers:**

Eliminate manual processes and integration complexity by standardising and digitalising how you exchange critical data across the order-to-cash and procure-to-pay process with all suppliers and customers, from forecasts, purchase orders, and ASNs to inventory updates, and invoices—regardless of

each partner's systems or digital maturity. Through a single link to the TraceLink network, we enable you to exchange business transactions and collaborate on business processes across your end-to-end supply chain and support your business growth at the lowest cost.

- **Streamline External Manufacturing and Logistics Execution with Network Partners:**

Automate key supply processes and improve visibility with your CMOs, 3PLs, and distribution partners to reduce lead times, improve order fulfillment and customer service levels, minimise disruptions, and improve end-to-end performance across your extended supply network.

- **Build the Foundation for Intelligent Supply Chain Orchestration:**

Lay the groundwork for real-time visibility and collaborative decision-making through integrated reports and dashboards while feeding your AI systems with clean, rich supply chain data—reducing working capital, increasing revenue, and driving long-term operational excellence.

## **Schedule Your Meeting with TraceLink**

Complete the form on this page to connect with our experts and learn how TraceLink helps life sciences companies, CMOs, 3PLs, and their partners digitalise commerce, manufacturing, and logistics processes—unlocking greater value across every link in the supply chain.
