What's new in the system 2026.2.0 release

Explore what's new in the Master Data Exchange, version 2026.2.0 release. To learn more about what's new in the Master Data, solution version 15.0.0 that provides the user interface for this app, see [What's new in the user interface](#).

Release information

This document describes the TraceLink capabilities included in the Master Data Exchange, version 2026.2.0 app release, which is available on Validation on 28 Apr 2026 and Production on 26 May 2026.

The following apps are impacted by this release and will be updated to the version listed:

- Master Data Exchange, version 2026.2.0

Solutions supported by this app version:

- Master Data, solution version 15.0.0

The features below are in order of functional relevance (i.e. the typical order in which a user executes a function or task).

This Help Center is subject to change based on the deployment of the release. In the event of changes, the Help Center will be updated within one week of release deployment. Deployment completion can be confirmed in the TraceLink Release Notice email.

Revisions

Date	Revision	Description
31 Mar 2026	01	Initial version.
28 Apr 2026	02	The following updates have been made since the previous revision was distributed: • 0 issues are added to Resolved issues. • 0 issues are added to Known issues.

API features

There is no new or updated API functionality included in this release.

System features

The following new or updated functionality is included in this release.

Upload and Preview Company Business Logo and Product Image

Application Administrators and Members with Expanded and Standard access can now:

- Upload, preview, download, and remove a **business logo** from the Company Headquarters and Locations view and edit pages
- Upload, preview, download, and remove a **product image** from the Product view and edit pages

Uploaded images are **immediately available** for preview, improving visual identification and consistency across applications.

For more information about the corresponding solution feature, see the Master

Data, solution version 15.0.0 release.

Impact analysis

The impacts for these features are the same as the New Business Logo and Product Image Upload and Preview feature in the Master Data, solution version 15.0.0 release.

Resolved issues

There are no resolved issues in this release.

Known issues

There are no known issues in this release.
