Watch the video today!

Watch this clip from our on-demand webinar, **"Flip the Switch: Activate Your Pre-Licensed EPCIS Capability for DSCSA Compliance Now!"** to see Caitlin Czulada, Director of the Center of Excellence at TraceLink, explain how to activate your Product

Track solution for DSCSA compliance in just five easy steps.

Pharmaceutical manufacturers have until November 27, 2023 to implement capabilities for 100% electronic, interoperable exchange of compliance data in the GS1 Electronic Product Code Information Services (EPCIS) format.

The good news is that as an existing TraceLink Product Track customer, your company has already licensed the required EPCIS capability! Watch the video clip and then contact TraceLink to begin the process.

TraceLink Product Track is the fastest, lowest risk, and most economical path to compliance with the final phase of DSCSA. Fill out the form on this page to contact us and get started on the path to DSCSA compliance today.
